

PLAISIO COMPUTERS S.A.

**FOR 8TH CONSECUTIVE YEAR PLAISIO COMPUTERS LISTED IN THE TOP 500 FASTEST GROWING
COMPANIES OF EUROPE**

For the 8th consecutive year Plaisio Computers S.A. is listed in the top 500 fastest growing companies of Europe according to the organization Europe's 500 Entrepreneurs for Growth.

The classification of Europe 500 was based on the period 2003 – 2006 during which Plaisio Computers increased its turnover by 70% while it has created 529 new working places.

The aforementioned distinction confirms that Plaisio Computers is a long term high growth company. This growth is achieved continuously and consistently in a very competitive economic environment. It is also important to point out that Plaisio Computers' growth is purely organic and is not driven by mergers and acquisitions.
