

Q3 2012 RESULTS PRESS RELEASE**PLAISIO COMPUTERS S.A.****E.A.T. 5,0 m. euro & Turnover 203,1 m. euro**

In the nine month period, the Earnings After Taxes came up to 5,0 m. euro, increased by 19,6% compared to last year.

The decrease of expenses by 10,4% in combination with the preservation of the Gross Profit Margin contributed to the increase of the profitability by 19,6%. An important factor for the increase of profitability is the decrease of the supply chain via brands Turbo-X, Q Connect, Sentio, @work and Doop.

The sound financial structure of the Group (cash and cash equivalents 41,8 m. euro, loans 18,6 m. Euro) and the robust provisions ensure the growth of the Group.

The Group employs over 1.100 people, without signing individual contracts, decreasing of salaries or mass layoffs.
